Interest and how it applies

You must make at least one deposit and no withdrawals in a calendar month to qualify for interest. Interest payments do not count as a deposit.

Interest is calculated daily. We calculate interest by applying the daily percentage rate to the entire daily balance.

Interest you earn is paid into your account on the last day of each calendar month.

Interest rates are variable and may be changed at any time.

Find the latest interest rates at greater.com.au/help/interest-rates

If the interest calculated on your account on a particular day (when expressed as a number of cents) is not a number of whole cents, the interest earned will accrue and will be paid to your account when a whole cent has been reached.
