Osko Customer Terms

PART A - INTRODUCTION

1) Osko

- a) We subscribe to Osko under the BPAY Scheme.
 - b) The Osko Payment Service we offer:
 - i) allows customers to make and receive payments in near real-time; and
 - ii) is available to customers who satisfy the requirements for the Osko Payment Service as set out in these Customer Terms; and
 - iii) can be accessed through Internet Banking and Mobile Banking.
 - c) These Customer Terms operate in conjunction with the terms and conditions applicable to the account(s) you hold with us. You should read the relevant terms and conditions for such account(s) together with these Customer Terms before using the Osko Payment Service.
-

2) How to use Osko

- a) You can use the Osko Payment Service to make payments from the following types of account:
 - i) Access;
 - ii) Ultimate Access;
 - iii) Ultimate Offset;
 - iv) Retirement Plus;
 - v) Credit Card;
 - vi) Business Access; and
 - vii) Business Optimiser.
- b) You must be logged in to Internet Banking or Mobile Banking to use the Osko Payment Service and you must follow the prompts to make an Osko Payment. You are taken to accept (and are bound by) these Customer Terms in respect of a payment using the Osko Payment Service when you request the payment to be made.
- c) You must comply with the terms and conditions applying to the account to which you request us to credit or debit an Osko Payment and the service you use to participate in

Osko (i.e. Internet Banking and/or Mobile Banking), to the extent that those account terms are not inconsistent with or expressly overridden by these Customer Terms. These Customer Terms are in addition to those terms.

- d) If there is any inconsistency between the terms and conditions applying to the relevant account and/or service and these Customer Terms, these Customer Terms will apply to the extent of that inconsistency.

3) Transaction limits

A daily transaction limit of \$2,000 will apply to payments you make using the Osko Payment Service. This limit applies in aggregate to payments you make from your accounts in a day.

You can ask us to adjust this daily transaction limit. We do not have to approve your request and if we do, we can change the limit back to the standard limit set out above at any time.

4) PayID

- a) You do not need a PayID to use the Osko Payment Service.
- b) PayID is the NPP Payment addressing service that enables a payer to make payments to a payee via the Osko Payment Service using an alternative identifier (a PayID) instead of the payee's account details.
- c) You can receive payments into your account using your PayID if you satisfy the requirements for using PayID as set out in these Customer Terms.
- d) You do not need to create a PayID to make payments using PayID. You (and each Authorised User) can make payments to a payee from your account by using a payee's PayID provided that:
 - i) we and the payee's financial institution support the Osko Payment Service;
 - ii) the payee's account is able to receive the particular payment; and
 - iii) the PayID has been created and is not Locked or Closed.
- e) To create a PayID to receive payments into your account, you have to satisfy us that:
 - i) you either own or are authorised to use your chosen PayID; and
 - ii) the PayID is to be linked to an account approved by us.
- f) Each time you make a payment using a payee's PayID, you must input the correct PayID details and check the payee's PayID Name before sending an NPP Payment.

Your rights in relation to the investigation and recovery of mistaken internet payments and unauthorised (including fraudulent) payments are set out in clause 6.

- g) If we and the sending financial institution determine that a payment made to your account is either a Mistaken Payment or a Misdirected Payment, we may, without your consent, and subject to complying with any other applicable Terms and Conditions, deduct from your account, an amount up to the original amount of the Mistaken Payment or Misdirected Payment. We will notify you if this occurs.

Choosing a PayID and PayID Name

- h) You may create a PayID as long as it is a PayID Type that we support. The PayID Types we support are an Australian mobile phone number, a valid e-mail address, an Australian Company Number (ACN), an Australian Business Number (ABN), an Australian Registered Scheme Number (ARSN), an Australian Registered Body Number (ARBN). We may update this list from time to time.
- i) Some PayID Types, for example ABN's, are restricted to business customers and organisations. Only eligible customers (e.g. business customers) will be able to create a PayID that is a restricted PayID Type.
- j) You must satisfy us that you own or are authorised to use your chosen PayID before you can use it to receive payments. This means we may ask you to provide evidence to establish this to our satisfaction, whether you are already registered for any other mobile or online banking or online payment services with us or not.
- k) Depending on the policy of a payer's financial institution, your PayID Name may be displayed to payers who send payments to you. At the same time you create your PayID, we will give you a PayID Name.

Creating your PayID

- l) You can create a PayID for receiving payments via Internet Banking and Mobile Banking (note - business customers may be required to create and manage their PayID by contacting our Contact Centre on 1300 651 400). We will not create a PayID for you without your prior consent.
- m) You must ensure that the PayID and account details are accurate and correct when completing all information we require to create your PayID. We will ensure that the PayID and account details you provide to us are accurately recorded in the PayID service.
- n) You may choose to create more than one PayID for your account.
- o) If your account is a joint account, you and each other joint account holder can create a unique PayID for the account.
- p) Once a PayID is created for your account, it may not be used in relation to any other account with us or with any other financial institution. See below for details on transferring PayIDs.

- q) The PayID service does not support duplicate PayIDs. If you try to create a PayID for your account which is identical to another PayID in the service, you will see a message that indicates that the PayID already exists. You can contact us to discuss duplicate PayIDs via our Contact Centre by calling 1300 651 400. We cannot disclose details of any personal information in connection with duplicate PayIDs.

Transferring your PayID to another Account

- r) You can transfer your PayID (other than a Locked PayID) to another account with us, or to an account with another financial institution, by submitting a request to us via Internet Banking and Mobile Banking (note - business customers may be required to create and manage their PayID by contacting our Contact Centre on 1300 651 400).
- s) A change to your account with us that is linked to your PayID will generally be effective immediately after we confirm the transfer, unless we notify you otherwise.
- t) A transfer of your PayID to another financial institution is a two-step process initiated by you and completed by the other financial institution. You first need to ask us to initiate the PayID transfer (a transfer state) and then you will need to complete the transfer by contacting the other financial institution.
- u) Until the transfer is completed, payments made to your PayID will be directed to your account with us. If the other financial institution does not complete the transfer within fourteen (14) days, the transfer will be deemed to be ineffective and your PayID will remain with your account.
- v) You can request a transfer of your PayID at any time. A locked PayID cannot be transferred. Please see below for information on Locked PayIDs.

Transferring your PayID from another Financial Institution to your Account

- w) To transfer a PayID that you created for an account with another financial institution to your account with us, you will need to ask the other financial institution to initiate the PayID transfer (a transfer state) and then you will need to create the PayID with us.

Closing a PayID

- x) You may request to close your PayID via Internet Banking and Mobile Banking (note - business customers may be required to create and manage their PayID by contacting our Contact Centre on 1300 651 400).
- y) You must notify us immediately if you no longer own or have authority to use your PayID.
- z) We may close your PayID on closure of, or where you are no longer the account holder, of your linked account.

Locking and Unlocking a PayID

- aa) We monitor PayID usage to manage PayID misuse and fraud. You acknowledge and consent to us disabling your PayID (as a Locked PayID) if we reasonably suspect misuse of your PayID or use of your PayID to procure payments fraudulently.

bb) You may request to unlock a Locked PayID via Internet Banking and Mobile Banking (note - business customers may be required to create and manage their PayID by contacting our Contact Centre on 1300 651 400).

cc) You may also request us to lock your PayID via Internet Banking and Mobile Banking (note - business customers may be required to create and manage their PayID by contacting our Contact Centre on 1300 651 400).

Privacy

dd) By creating your PayID you acknowledge that:

- i) you authorise us to record your PayID, PayID Name and account details (including full legal account name) (PayID Record) in the PayID service hosted by NPP Australia Limited;
- ii) you authorise the payer's financial institution to use your PayID Record for the purposes of constructing payment messages, enabling payers to make payments to you, and to disclose your PayID Name to payers for payment validation;
- iii) to the extent that the creation and use of the PayID Record constitutes a disclosure, storage and use of your personal information within the meaning of the Privacy Law, you acknowledge and agree that you consent to that disclosure, storage and use;
- iv) when you direct a payment to a PayID connected to a joint account, other account holders may be able to see the messages and notifications associated with the payment.
- v) depending on the settings you choose for your PayID, other account holders on your account may be able to see messages and notifications associated with payments to a joint account addressed to your PayID;
- vi) in order to better provide services to you, we may retain certain information relating to PayIDs you use. For example we may retain information relating to PayIDs you provide us in order to facilitate scheduled payments. Clause 13 has more information on how we collect, use, handle and store Personal Information such as PayIDs.

 - i) if you provide us with the following information:

We will be the sending institution where the payment is made from your account. We will be the receiving institution where the payment is made to your account.
- e) Where a financial institution other than us is the receiving or sending financial institution, we cannot guarantee that it will follow the processes in the ePayments Code. A financial institution is unlikely to follow these processes if it is not an authorised deposit-taking institution for the purposes of the Banking Act. We are not liable for any loss suffered if it does not follow those processes.
- f) Where the sending institution is not satisfied that a payment is a mistaken internet payment, it is not required to take any further action.

Where sufficient funds are available in the unintended recipient's account

 - ii) Where the report is made between 10 Business Days and 7 months of the payment:

- (1) The receiving institution will investigate the payment and complete the investigation within 10 Business Days of receiving a request.
 - (2) If the receiving institution is satisfied that a mistaken internet payment has occurred, it will prevent the unintended recipient from withdrawing the funds for a further 10 Business Days and notify the unintended recipient that they will withdraw the funds if that recipient does not establish they are entitled to the funds within that 10 day period.
 - (3) If the unintended recipient does not establish they are entitled to the funds within that time, the receiving institution will return the funds to the sending institution within 2 Business Days of that period (during which time the recipient will be prevented from withdrawing the funds).

 - i) In each case where the receiving institution is not satisfied that a mistaken internet payment has occurred, it may (but is not required to) seek consent of the unintended recipient to return the funds.
 - j) Where the funds are returned to the sending institution, it will return the funds to the holder as soon as practicable.
 - k) We will inform you of the outcome of the reported mistaken internet payment in writing within 30 Business Days of the day on which you reported the payment to us.

we will, without your consent, deduct from your account an amount equal to that mistaken payment and send that amount to the financial institution of the payer in accordance with clause 6(h)(ii)(3) above.
