How we apply interest

Interest is calculated daily. We calculate interest by applying the daily percentage rate to the different portions of your daily balance based on the relevant tiers.

Interest you earn is paid into your account every six months on 30 June and 31 December.

Interest rates are variable and may be changed at any time.

Find the latest interest rates at greater.com.au/help/interest-rates

If the interest calculated on your account on a particular day (when expressed as a number of cents) is not a number of whole cents, the interest is rounded to the nearest cent before it is applied to your account. Where the interest calculated is less than \$0.005 it will be rounded to zero.
