How we apply interest

Interest is calculated daily, we calculate interest by applying the percentage rate to the different portions of your daily balance based on the relevant tiers.

Interest is paid into your account on the last day of each month.

Interest rates are variable and may be changed at any time.

Find the latest interest rates at greater.com.au/help/interest-rates

If the interest calculated on your account on a particular day (when expressed as a number of cents) is not a number of whole cents, the interest is rounded to the nearest cent before it is applied to your account. Where the interest calculated is less than \$0.005 it will be rounded to zero.

Eligibility

To open a Retirement Plus account, you must be in Australia and have an Australian residential address. You need to be able to verify both your identity and residential address.

One account holder must be over the age of 55 years.

Using your account

Access all transactions on your account via online banking.

We generally issue you a statement every six months, or monthly if requested.

You may pay for something, but not see the transaction in your account that day. This may be because the transaction is still being processed, or, you made it on a non-business day. This may impact your interest calculations.
